SEKTOR

50 EXCEL

Solid, fully glazed or partially glazed partitioning system

Modular and relocatable

Sektor 50 Excel is an economical and attractive system for dividing up a workspace using 46mm thick prefabricated honeycomb panels, generally based on a 1200mm module.

Availability

- Framing sections in satin anodised aluminium, RAL9010 White, and BS00A05 Grey, are generally available ex-stock
- Other colours available to order within 5 working days
- Honeycomb panels in sizes 1200mm wide by 1981mm, 2400mm, 2700mm and 3000mm generally available ex-stock
- Glass is supplied and installed as standard. However, it can be provided on a supply only basis if required

Doors

- 9 species of veneered single and double doors

Ordering, Delivery & Technical Support

Nationwide ordering and delivery network

Sektor is available nationwide through selected branches of CCF – see back cover. Many of these branches keep Sektor products and ranges in stock at all times.

Orders for Sektor can also be placed at any of CCF's nationwide network of 32 branches, not just its 20 specialist Sektor branches.

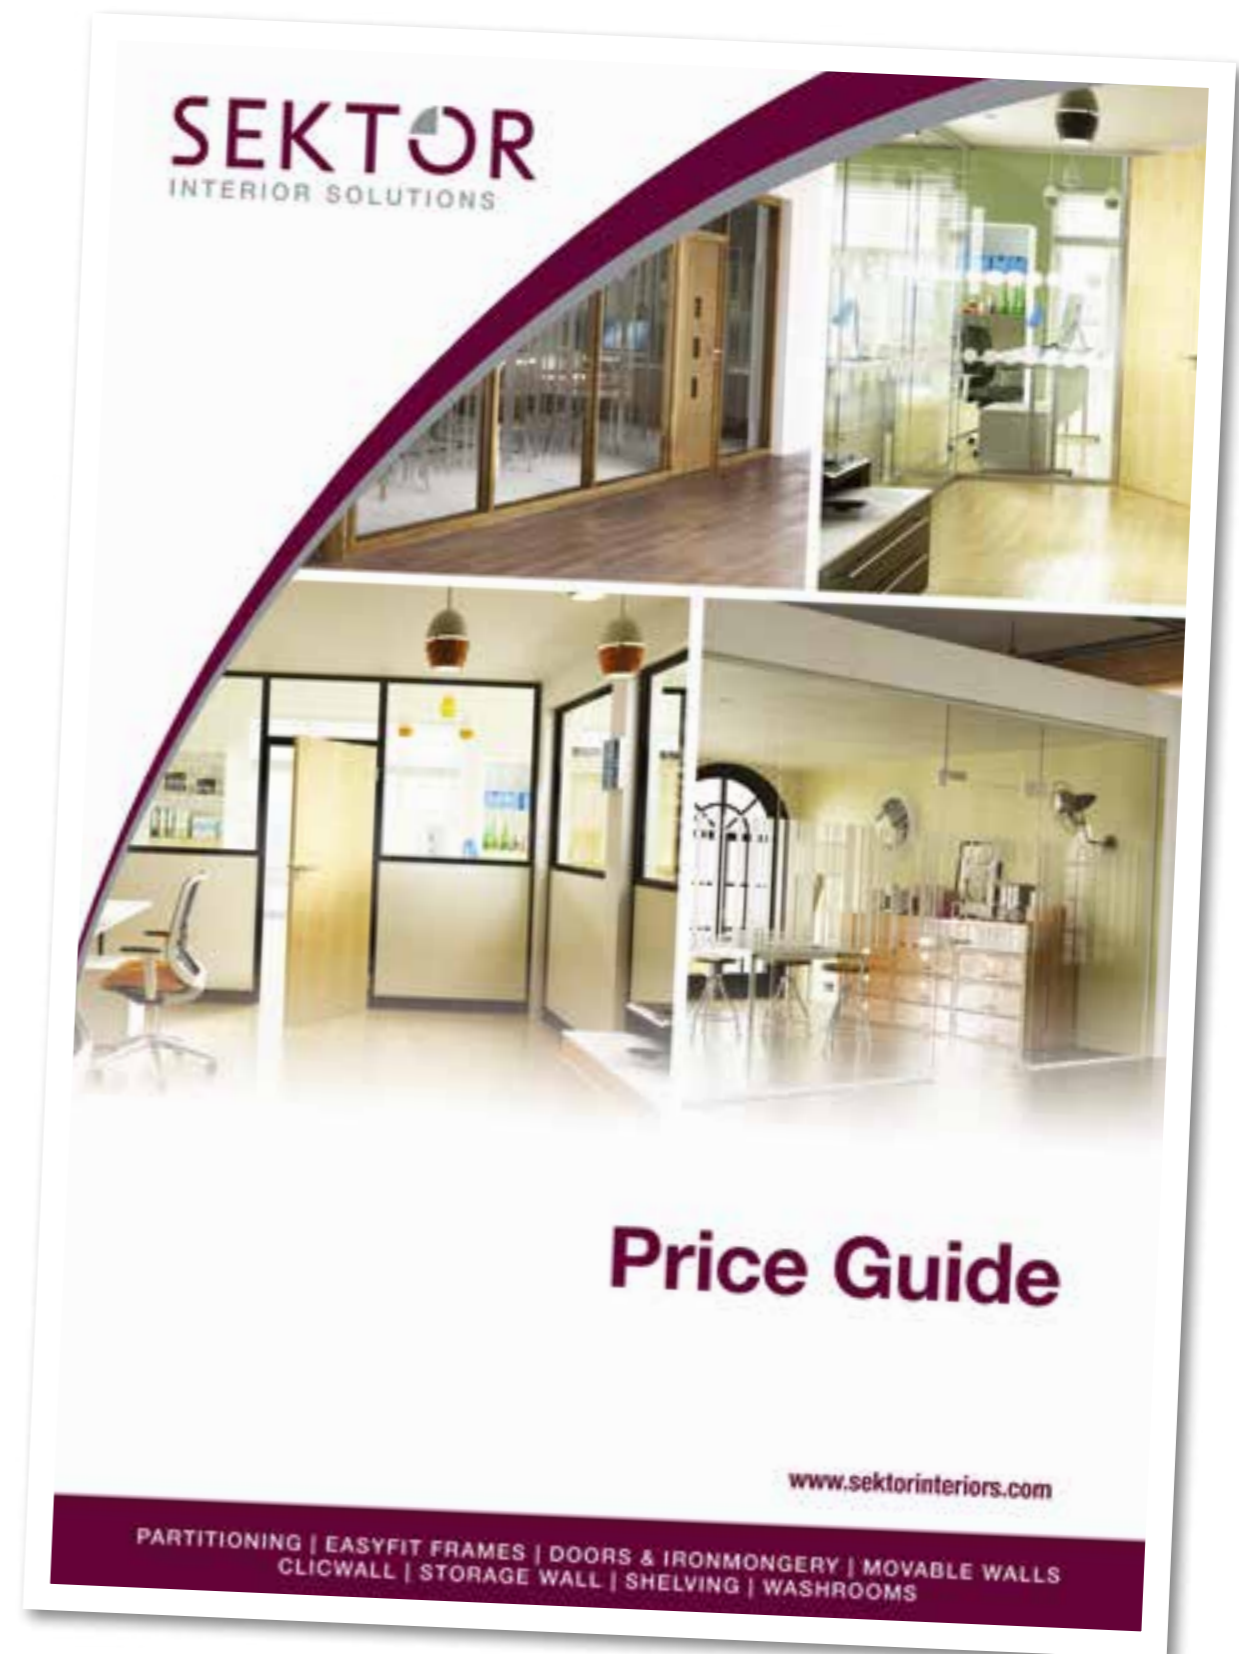

Training and technical support

Because every Sektor installation should be a shining example of what the brand and its installers can do, there's plenty of technical help within CCF's 20 specialist branches.

They can give designers, specifiers, and installers all the technical data they need for creating particular effects, meeting Building Regulations, or achieving specific fire or acoustic standards.

For installers who want to make the most of Sektor systems, there's free training at the Sektor showroom in CCF Heathrow.

To find out more, contact your nearest branch.

For a copy of the Sektor Price Guide contact your local specialist Sektor branch (contact details on back cover) or download it from www.sektorinteriors.com
