# Ordering, Delivery & Technical Support

## Nationwide ordering and delivery network

Sektor is available nationwide through selected branches of CCF – see back cover. Many of these branches keep Sektor products and ranges in stock at all times.

Orders for Sektor can also be placed at any of CCF's nationwide network of 32 branches, not just its 20 specialist Sektor branches.

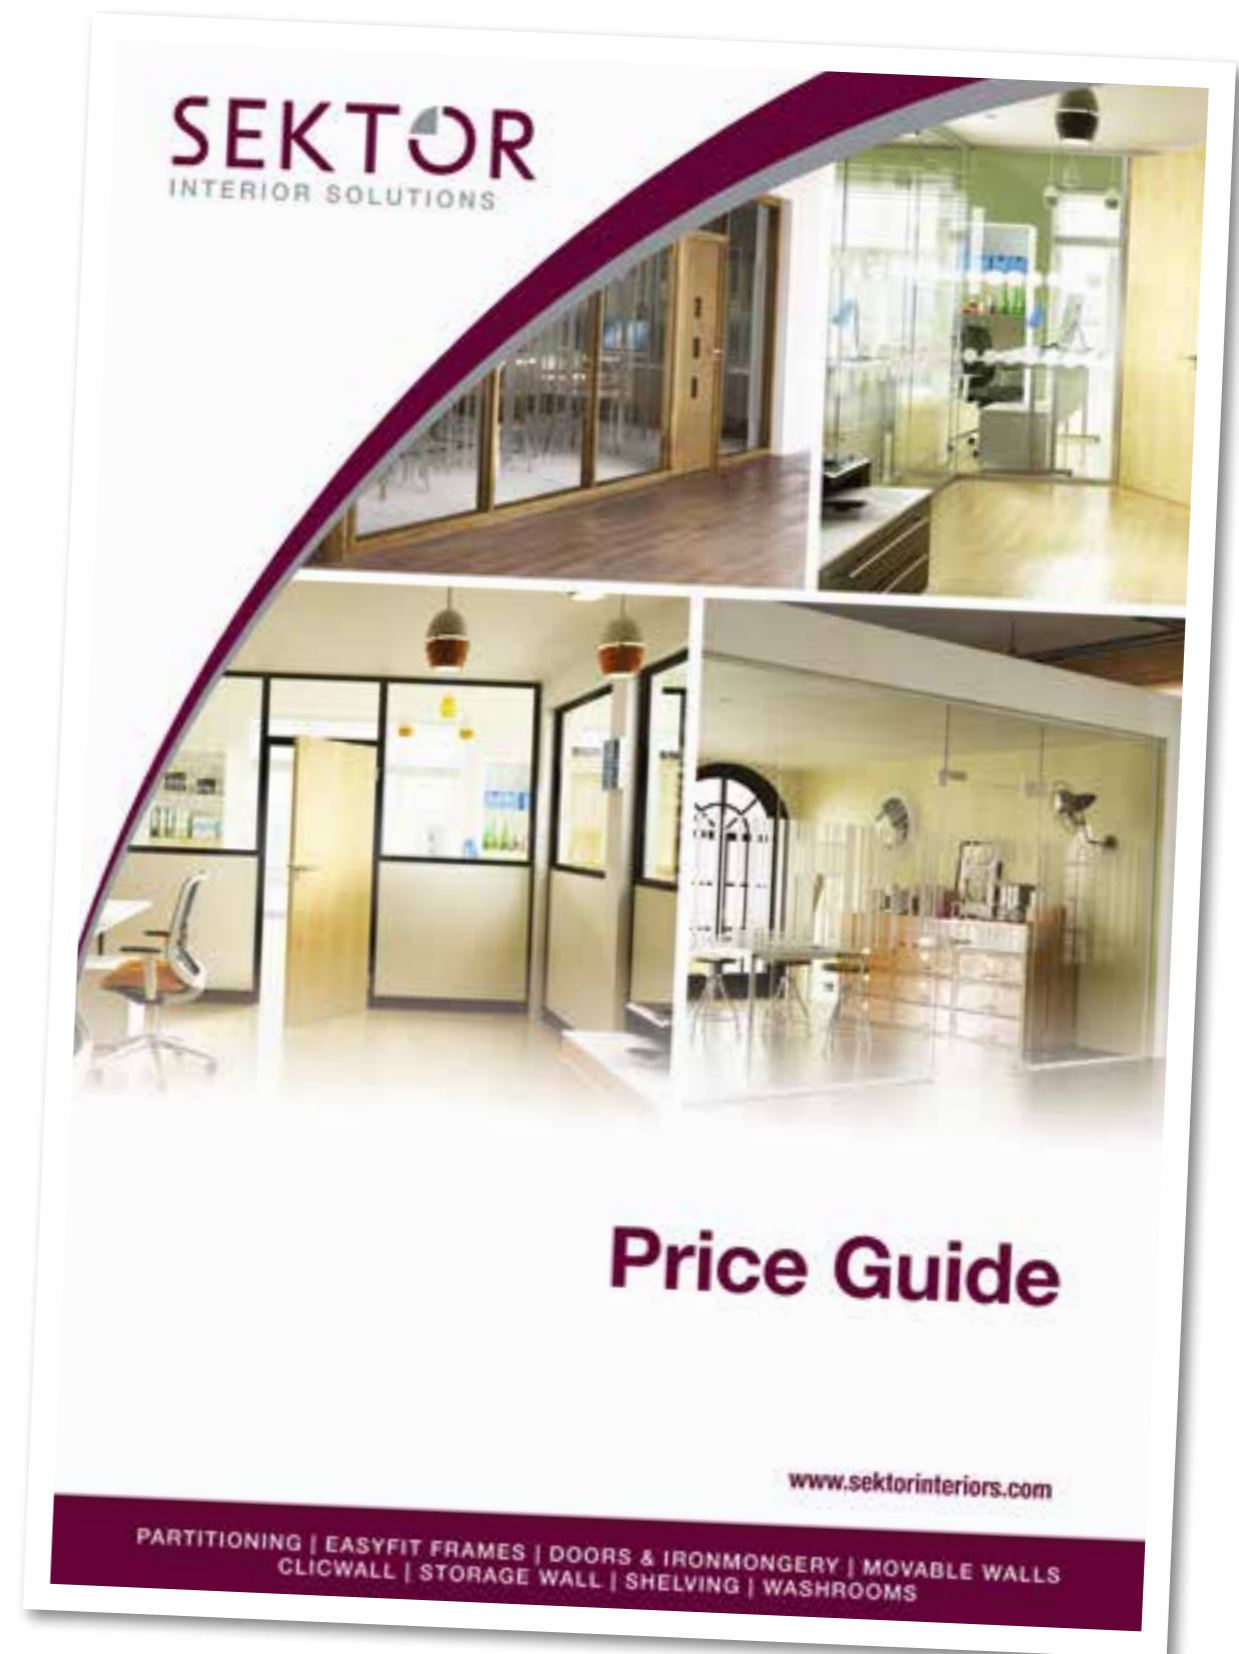

## Training and technical support

Because every Sektor installation should be a shining example of what the brand and its installers can do, there's plenty of technical help within CCF's 20 specialist branches.

They can give designers, specifiers, and installers all the technical data they need for creating particular effects, meeting Building Regulations, or achieving specific fire or acoustic standards.

For installers who want to make the most of Sektor systems, there's free training at the Sektor showroom in CCF Heathrow.

To find out more, contact your nearest branch.
